THE VINTAGE

The 2019 vintage began with a wet spring bringing three inches of rain in May. In response to the late rains, our vineyards received diligent attention to control vigorous vine growth. A long Indian summer followed with mild weather, allowing the fruit to ripen. The long picking windows bore fruit with beautiful freshness at optimal ripeness. The resulting wines are exceptionally elegant.

TASTING NOTES

At Newton, we make wines that are a pure expression of our unique mountain terroir. This 2019 *Newton* Cabernet Sauvignon is produced in a small batch of three barrels, exclusively for the Vine Trail Vintner Collection. Crafted entirely from fruit grown on one of our rare hillside vineyards in the Yountville appellation, the wine is unfiltered and barrel aged for 18 months. The contrasting soil profile and diverse range of exposures and temperatures bestow the wine with ample, fruit forward aromatics, enhanced by a rich plushness and density in the mid palate, finishing with a silky, mouth-filling structure.

BARREL AGING 18 months, 67% New French Oak
ALCOHOL 14.5%
